

City of Vancouver Social Policy & Projects Grants Now Accepting Applications for Core Support Grants (CSG)

FIND OUT MORE AT www.vancouver.ca/people-programs/core-support-grants

Core Support Grants provide funding that addresses inequity and mitigate conditions that create vulnerability for residents of Vancouver.

Grants fund the direct delivery of social services to individual residents, or fund organizations that support other non-profits to improve their ability to deliver social services, address social issues, and navigate change.

NOTE: If your organization received a CSG grant during the spring intake we ask that you wait to make an application until spring of 2023.
